A highly motivated Digital Artist seeking a position in the digital media world as a 2D/3D animator, Motion Graphic Designer or Multimedia. I am proficient in 2D and 3D animation on both a PC and a Mac, Maya, Blender, Premiere Pro, Adobe software (Photoshop, Illustrator, Lightroom, Audition, and After Effects), Motion Graphics, Photo & Video Editing, Story Boarding plus UX/UI. I have created various multimedia for instructional demos, branding and films. Also, my performance in acting is an asset in helping me create a quality reference for my animation characters. Although I have graduated, I presently am learning other programs on my own.
